

# ERIC WISEMAN

Ambitious problem solver who thrives in a flexible, self-directed environment. Strong history of delivering quality, scalable, and tested web development applications. Experience at every level of the Rails stack; from front-end design, to back-end development, SQL queries, testing, and dev ops. Looking to make an immediate and lasting impact at as a developer at small to mid-sized organization.

## EXPERIENCE

### FULL STACK DEVELOPER

First Class Financial Services | Nov, 2014 - Current

Principle full stack developer at a Denver based mortgage brokerage firm. Responsible for the design, development and support of customized web applications that improve the user experience and bring greater ease and efficiency to the mortgage process.

- Developed consumer based features and back-end applications using Ruby on Rails, Javascript, jQuery, HTML, CSS, and PostgreSQL.
- Designed a custom mortgage processing system to manage \$95.6 million in annual residential real estate closings.
- Designed and built a new mortgage financing application that fully integrates with legacy mortgage software system (Calyx Point).
- Implemented database encryption of client data to ensure the highest standards in web security.
- Utilized TDD principles (RSpec, Capybara, and Factory Girl) to ensure all application features performed as designed.
- Collaborate with senior management regarding product definition, schedule, and scope.
- Managed unit and functional testing, debugging, security, and documentation efforts.

### MORTGAGE PLANNER / OPERATIONS MANAGER

First Class Financial Services | June 2011 - Dec 2014

Residential mortgage lending for home purchases, investment properties, and refinances. Developed long-standing relationship with key referral partners and clients by providing outstanding customer experience.

- Developed a custom sales program to attract key referral partners in the real estate and financial services industry.
- Tracked and balanced company transactions history and analyzed data for compliance.
- Worked in a collaborative team environment to prepare management presentations and marketing materials for soliciting new business.

### SENIOR FINANCIAL ANALYST

Exclusive Resorts | Aug 2008 - Sept 2009

Provided financial analysis, financial modeling, and forecasting for Denver based luxury resort business.

- Forecasted loan covenant ratios, compiled and delivered monthly compliance package for external lenders.
- Performed financial modeling and analysis on projected plans and changes in operations.
- Collaborated with Accounting department to reconcile bank to business accounts.  
Improved reporting processes through report design, information flow, and report automation.
